Make the Most of a Great MSPS Resource! Our Website: www.mnsurveyor.com

The MSPS site has many capabilities. A streamlined job posting section allows you to fill out a quick form, make your payment online and have your job posted! Firm members post jobs for free.

You can post items for sale in the classified section. Another convenient facet of the site is the online calendar and registration system. Members and nonmembers can quickly and easily register for events on the Website. In addition, the "locate a surveyor" function (available to the public) is formatted as a searchable directory to help consumers locate MSPS firm members near them. This feature is used consistently by members of the public.

For MSPS members, the Website has even more useful features. You can update your online profile, and during the next dues renewal cycle (December 2011), you will be able to renew your membership and pay your dues online. There is also a members-only roster, a searchable directory with more information than what the public can view. To use this (and other) members-only functions, you must log in.

Your first and last name, with no space between them, is your login. Your password will be MSPS, initially; you'll be prompted to change it when you log in for the first time. Example: If your name is Mary Smith, your login is marysmith. Your password will be mmps. (These fields are not case-sensitive.)

In the members-only section, you'll find a link to new content, too. MSPS is producing a series of brochures about surveying, each aimed at a different population. The first brochure is for homeowners, and is available now. The next brochure will be about surveying careers. These brochures will be in two formats online: as trifold for printing and distributing, and as regular letter-size documents for easy viewing on your computer.

Please contact mmps@mnsurveyor.com if you experience any difficulty using the Website.

Education for a Career in Surveying

A survey technician usually works in the field or office under the supervision of a Licensed Surveyor, but might also work for Professional Engineer or for a construction firm. A survey technician typically needs to complete a two-year vocational program. The demand for survey technicians varies with economic conditions and construction activity.

To become a Licensed Surveyor in Minnesota, you need to complete a four-year college degree with at least 22 semester credits in surveying, work under supervision for another three to five years (depending on the type of college degree you have), and pass two examinations — the Fundamentals of Surveying (FS) and the Professional Surveying exam (PS). The FS exam consists of two Federal parts, whereas the PS exam is one part Federal and the other State.

The demand for survey technicians varies with economic conditions and construction activity.

Minnesota State law requires that a Licensed Surveyor must supervise all surveys of property lines. There are slightly more than 500 Licensed Surveyors in Minnesota at present, compared to about 1,500 in Wisconsin. About 60% of the Licensed Surveyors in Minnesota are 50 years old or older. As this older generation of surveyors retires, there is likely to be an increased demand for Licensed Surveyors in Minnesota.

MLS Foundation Scholarships:

The Minnesota Land Surveyors (MLS) Foundation gives scholarships annually to students pursuing careers in surveying. For further information and application forms, check the Minnesota Society of Professional Surveyors (MSPS) website: www.mnsurveyor.com

Note: Minnesota residency is a requirement for MSPS scholarship applicants. However, students from neighboring states who attend the Minnesota Technical Colleges and Universities listed here are considered to be residents of Minnesota during their school years, and will be considered for scholarship. For example, a non-resident student, who has graduated from a technical college program in another state and has enrolled in the SCSU Land Surveying and Mapping Sciences Degree may apply for a scholarship.

SECTION 2 MEMBER MEETINGS

2.1 ANNUAL MEETINGS. An annual meeting of the Members of the Corporation shall be held once in each fiscal year at such hour and such date and at such place within the State of Minnesota as shall have been determined by the Board of Directors and designated in the notice of the meeting. The Secretary shall cause notice of the hour, date and place of each annual meeting to be given to each Member not less than twenty (20) nor more than forty (40) days prior to such meeting. At each annual meeting, the Members shall elect directors to replace any directors whose terms are then expiring, and the President and Treasurer shall report on the activities and financial condition of the Corporation. The Members may also transact such other business of the Corporation as may properly come before them. If an annual meeting of Members has not been held during any preceding period of fifteen months, the Members shall have the right to demand that a meeting be held, pursuant to and in the manner specified by Minnesota law.

2.2 SPECIAL MEETINGS. Special meetings of the Members may be called by for any purpose by the President, or shall be called by the President as directed by a resolution ad-

opted by the Board of Directors. The Members shall also have the right to demand that a special meeting be called by delivering a written demand, to the President or the Treasurer signed by either ten percent (10%) of the total number of Members entitled to vote or fifty (50) Members entitled to vote, whichever is less. Each special meeting shall be held at such hour and on such date and at such place within the State of Minnesota as shall be determined by the Board of Directors and designated in the call of such meeting. The Secretary shall cause notice of the hour, date, place and purpose(s) of each special meeting to be given to each Member not less than five (5) or more than thirty (30) days before such meeting. No business shall be transacted at any special meeting other than that which is stated in the notice, unless all Members waive notice of the meeting.

2.3 QUORUM. At each annual or special meeting of the Members, one-third (1/3) of the total number of Members entitled to vote, or twenty-five (25) Members entitled to vote, whichever is less, shall constitute a quorum for the transaction of business. If a quorum is present when a duly called or held meeting is convened, the Members present may continue to transact business until adjournment, even though the withdrawal of a Member or Members originally present leaves less than the number otherwise required for a quorum.

2.4 WAIVER OF NOTICE. A Member may waive notice of a meeting at, or after the meeting. Attendance by a Member at a meeting is deemed a waiver of notice of that meeting, except where the Member objects at the beginning of the meeting to the transaction of business because the meeting was not lawfully called or convened, or objects before a vote on an item of business because the item may not lawfully be considered at that meeting and the Member does not participate in the consideration of said item at that meeting.

2.5 VOTES. Each Licensed Member and each Life Member shall be entitled and restricted to one vote at meeting of Members. There shall be no cumulative voting. Training Members, Honorary Members, Associate Members, Sustaining Members, Technical Members, Retired Members and Firm Members shall have no vote.

2.6 ABSENTEE VOTING. Any Member who is entitled to vote at any meeting of the Members may vote with an absentee ballot if said Member is unable to attend the meeting. A notice of the right to receive an absentee ballot shall be given to each voting Member not less than twenty (20) days nor more than forty (40) days prior to the meeting. The absentee ballot shall set forth the exact text of the election, motion, resolution or amendment to be voted upon at the meeting of the Members. Such ballots properly completed by the Member and received by the Corporation before the

MSPS BYLAWS

meeting of the Members is called to order, shall be counted as a vote of such absent Member.

- 2.7 PROXIES. Proxies shall not be allowed or used by Members.
- 2.8 RULES OF ORDER. Meetings of the Members shall be conducted in accordance with “Robert’s Rules of Order Newly Revised”, except as otherwise provided in these Bylaws or in any standing rules of procedures (not inconsistent with these Bylaws) which shall have been adopted at any meeting of the Members.

SECTION 3 BOARD OF DIRECTORS

- 3.1 THE BOARD OF DIRECTORS. The Board of Directors shall be comprised of eleven directors, including the Past President, President, President-Elect, Secretary, Treasurer and Minnesota Governor to the National Society of Professional Surveyors. Five additional directors shall be elected at the annual meeting of the Members (in every other year), by and from among the voting Members. Those individuals receiving the affirmative vote of the greatest number of the ballots cast for each open Board seat shall be elected as directors.
- 3.2 ELECTION AND TERM OF OFFICE. The term of office of each elected Director shall be two years which shall expire at the second annual meeting of the Members following such Director’s election. An elected director shall not be eligible for re-election as a director after serving the second of two successive full regular terms of two years each, until a one year hiatus as a director is achieved.
- 3.3 VACANCIES. Each vacancy occurring on the Board of Directors, other than by the removal of a director by the Members or by the expiration of the director’s regular term, shall be filled by a vote of the majority of the remaining directors, even though they may constitute less than a quorum. Each director elected to fill a vacancy shall continue to serve as a director until a successor is elected by the Members.

- 3.5 REMOVAL. The following rules shall apply to removal of directors in office:
- 3.5.1. REMOVAL BY DIRECTORS. - 3.5.2. REMOVAL BY MEMBERS. Any one or all of the directors may be removed at any time, with or without cause, by the affirmative vote of a majority of the Members entitled to vote. Neither a director nor the entire Board shall be removed prior to the expiration of his or her term unless the notice of the meeting of Members at which removal is to be considered states such purpose. When a Director of the Board has been removed, a new director to fill the vacancy so created may be elected at the same meeting.

- 3.8 QUORUM AND VOTING. A quorum at the meetings of the Board of Directors shall consist of a majority of the directors. If, at any meeting of the Board of Directors there is less than a quorum present, the majority of those directors present may adjourn the meeting to another date and time. At any such adjourned meeting, any business which might have been transacted at the meeting as originally called may be transacted without further notice. If a quorum is present when a duly called or held meeting is convened, the directors present may continue to transact business until adjournment,
